COURSE CODE/TITLE:	CPE 008	**SECTION:**	CPE 11S4
DATE PERFORMED:	07-22-2026	**DATE SUBMITTED:**	07-22-2026
NAME:	Lozano, Molier Vincent D.	**INSTRUCTOR:**	Sir. Robin Valenzuela

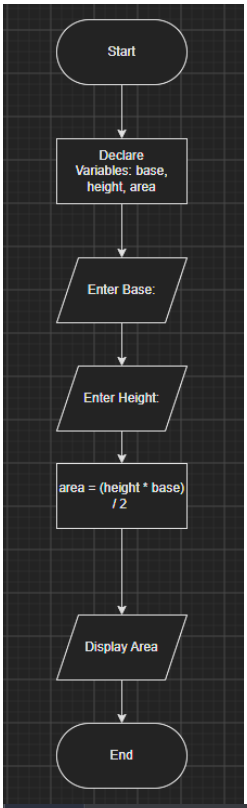

ACTIVITY NO. 1.2	**Hands-on Activity 1.2: Writing First Program using C++ Language**

1. PROCEDURE OUTPUT

For number 2, the errors that I found are first, its missing using namespace std;. Second, cout isn't used properly because instead of using <<, it used parenthesis. 5int is an invalid command. It should be written as: cout << "The value of five is: " << 5;.

main.cpp

```
// Online C++ compiler to run C++ program online
#include <iostream>
using namespace std;

int main() {
    float base, height, area;

    cout << "Enter the base of the triangle: ";
    cin >> base;

    cout << "Enter the height of the triangle: ";
    cin >> height;

    area = (base * height) / 2;

    cout << "The area of the triangle is: " << area << endl;

    return 0;
}
```

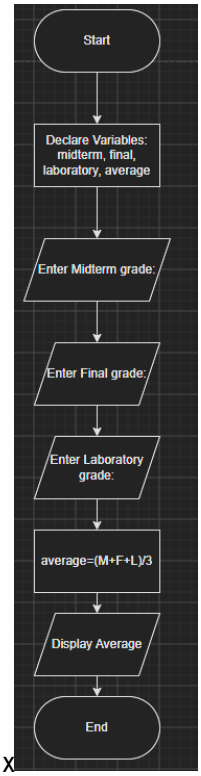

Output

```
Enter the base of the triangle: 8
Enter the height of the triangle: 9
The area of the triangle is: 36

--- Code Execution Successful ---
```

2. ANSWERS TO SUPPLEMENTAL ACTIVITY

1. x

```cpp
// Online C++ compiler to run C++ program online
#include <iostream>
using namespace std;

int main()
{
    float midterm, final, laboratory, average;

    cout << "Enter Midterm Grade: ";
    cin >> midterm;

    cout << "Enter Final Grade: ";
    cin >> final;

    cout << "Enter Laboratory Grade: ";
    cin >> laboratory;

    average = (midterm + final + laboratory) / 3;

    cout << "Average Grade: " << average;

    return 0;
}
```

```
Enter Midterm Grade: 2
Enter Final Grade: 2.35
Enter Laboratory Grade: 80
Average Grade: 28.1167

=== Code Execution Successful ===
```

2.

main.cpp

```cpp
// Online C++ compiler to run C++ program online
#include <iostream>
using namespace std;

int main() {
    string product;
    float price, total;
    int quantity;

    cout << "Enter Product Name: ";
    cin >> product;

    cout << "Enter Unit Price: ";
    cin >> price;

    cout << "Enter Quantity: ";
    cin >> quantity;

    total = price * quantity;

    cout << "Product Name: " << product << endl;
    cout << "Quantity: " << quantity << endl;
    cout << "Total Amount: " << total;

    return 0;
}
```

Output

```
Enter Product Name: Paper
Enter Unit Price: 20
Enter Quantity: 3
Product Name: Paper
Quantity: 3
Total Amount: 60

=== Code Execution Successful ===
```

3.

main.cpp

Share Run

```cpp
// Online C++ compiler to run C++ program online
#include <iostream>
using namespace std;

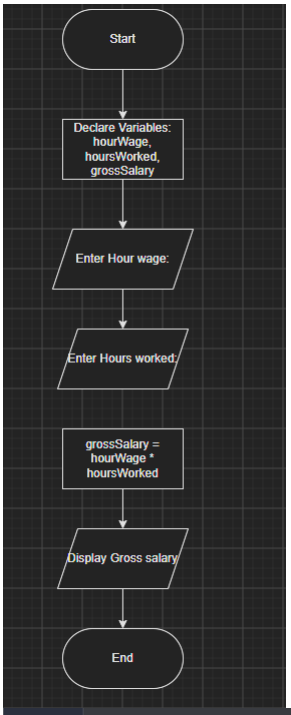

int main()
{
    int birthYear, currentYear, age;
    cout << "Enter Birth Year: ";
    cin >> birthYear;
    cout << "Enter Current Year: ";
    cin >> currentYear;
    age = currentYear - birthYear;
    cout << "Age: " << age;
    return 0;
}
```

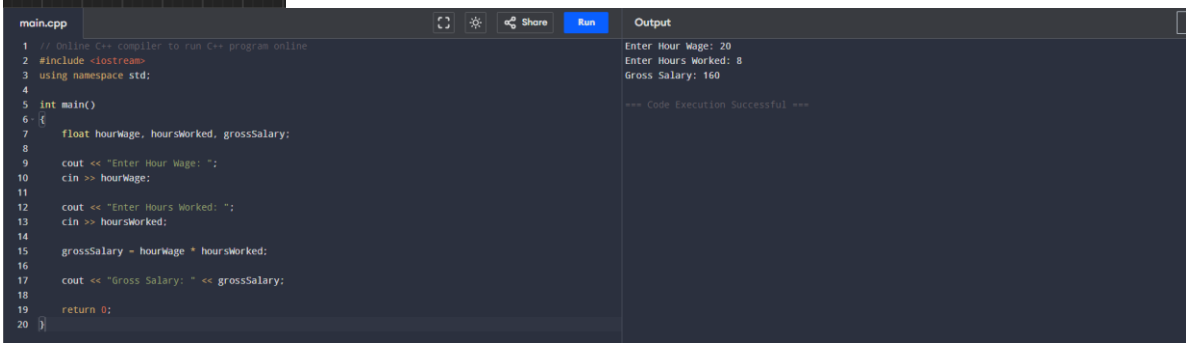

Output Clear

```
Enter Birth Year: 2007
Enter Current Year: 2026
Age: 19

=== Code Execution Successful ===
```

4.

3. ARTIFICIAL INTELLIGENCE (AI) USE DISCLOSURE STATEMENT

I hereby declare that artificial intelligence (AI) tools were used, if applicable, in the preparation of this academic work. The following indicates the nature and extent of AI assistance:

Tools Used: _____

Examples: ChatGPT, Microsoft Copilot, Grammarly, QuillBot, etc.

Purpose of Use: _____

Examples: grammar correction, idea generation, formatting, summarization, code assistance, explanation of concepts, etc.

Extent of Use: _____

Explain how AI was used and confirm that it did not replace original thinking, analysis, authorship, or

completion of the required work.

By submitting this activity, I affirm that my use of AI complies with T.I.P.'s AI usage policy and does not exceed the permitted limits for similarity, automated content generation, or academic assistance.

I understand that any false, incomplete, or misleading disclosure may be subject to investigation in accordance with due process and may result in sanctions for violation of existing T.I.P. policies.

Lab activities, templates, and related instructional materials shall not be reuploaded, reproduced, distributed, or shared with external organizations or third parties without the prior express written permission of the Technological Institute of the Philippines.
